## M'CRAZ OPPOSED TO PRIMARY LAW

Tells Seventeen Senators Today of His Attitude and Delegation States Position

### HOUSE IN ADJOURNMENT

Session Held up Because of Death of Rep Matthews—Governor's Hospital Plans

Indianapolis, Ind., Feb. 8—Seventeen state senators, two democrats and fifteen republicans, called on Governor McCray today to "learn his attitude on the primary election question."

It was learned that the governor told them he is still strongly opposed to the primary system of selecting candidates for public offices.

The senators were said to have told the governor they were unanimously in favor of repealing the presidential preference part of his plan, but favor retention of the remainder of the law in its present form.

The governor informed the senators, it was said, that he would ask a committee of five representing the republican state committee to confer with a committee of five senators relative to the primary question.

Just before this conference the governor told newspaper men he was considering an extensive improvement in all state hospitals for the insane.

He stated that some of the inmates of the Central Hospital for Insane located here, should be transferred to other hospitals in the state because of the unsanitary conditions prevailing at the hospital.

Representatives of five hospitals were called into conference with the governor this afternoon to make preparations for carrying out the governor's plan. It is the governor's plan to divide the population of the hospitals, it is said, so that each institution will have about 1,200 inmates.

The house of representatives adjourned immediately after convening in memory of Asa E. Matthews, representative of St. Joseph County, who died last night following a short illness.

A committee of legislators accompanied the Matthews body to his home in South Bend.

The morning session of the senate was given over to consideration of minor bills.

## SEES MUSIC AS MORAL AND A SOCIAL FACTOR

Dean McCutcheon of DePauw School of Music Addresses Rotary Club at Luncheon Today

### DR. J. M. WALKER IS A GUEST

Robert G. McCutcheon, dean of the DePauw university school of music at the Methodist church, addressed the Rotary club at the regular luncheon at the Social club at noon today regarding the value of music as a factor in life. Dr. John M. Walker, superintendent of the Connersville district, of this city, was also a guest of the club and made a short talk.

Dean McCutcheon said the value of art was not given enough consideration by the average business man because it is usually the belief that no one should be interested in music unless they are specially endowed with the ability to perform. He declared that the appreciation of music was just as essential as the creation of it.

Dean McCutcheon spoke of the value of music in education and especially stressed the importance of music as a social as well as a moral factor. He illustrated from his experiences in organizing community sings during the war under the auspices of the state council of defense. Dean McCutcheon cited examples where towns had been very much improved socially and morally by taking an interest in music.

## DISORDER DUE TO STRIKE

Strike Breakers Attacked When They Run Cars in Troy, N. Y.

(By United Press)

Troy, New York, Feb. 8—Disorder broke out today shortly after the United Traction Car company, which is fighting a strike, put cars in operation by strike breakers.

One car was attacked by a crowd. A strike breaker was knocked senseless. One arrest was made. A second street car was attacked and demolished. The wreckage blocked the traffic. The strike breakers crew was taken from the car and escorted by the crowd to the office of the labor council and there given transportation for New York.

## CONFERENCE ON MUSIC IS BEGUN

Most of 71 Churches in Connersville District Expected to be Represented Here

### FIRST SESSION AT 2 P. M.

Night Programs by Church Choirs and DePauw University School of Music Choir

A conference on church music, the first of its kind ever held so far as is known, opened at the St. Paul's Methodist church this afternoon and will continue until Wednesday evening. This afternoon and evening's sessions and the meetings at 9:30 a. m., 2 p. m. and 7 p. m. Wednesday will be open to the public.

There are seventy-one churches in the Connersville district of the Indiana conference, Methodist Episcopal church, and it is expected that everyone of them will be represented by one or more persons. Prominent Methodists of the state living outside the Connersville district will likely be here to observe the workings of the conference because it is blazing a new trail in church affairs.

The conference was arranged by Dr. J. M. Walker of this city, the superintendent of the Connersville district, and the results obtained from it will be watched in the church organization because it represents an innovation which has never before been attempted.

Dr. Walker obtained the co-operation of the DePauw university school of music, which will aid materially in the success of the meeting. R. G. McCutchan, dean of the school of music, will speak at each of the three days sessions on the value of music in the church, the Sunday school, the revival and other phases of church work.

Prof. Van Danner Thompson, who teaches pipe organ in the DePauw school of music, and the DePauw choir, will also have a prominent part on the program. The choir will give the closing program on Wednesday night and on Wednesday afternoon at four o'clock there will be a session on pipe organ music to be led by Prof. Thompson.

Tonight's program will be one of the most entertaining of the lot and will consist of a music festival by some of the leading Methodist church choirs of the Connersville district. The choirs of the First church of Connersville, the First church of Shelbyville, and the Brookville church, assisted by their organists and directors, will give the program.

The programs for the days sessions, the first of which began at two o'clock this afternoon, are as follows:

Prelude by New Palestine Sunday school orchestra Devotions.

Solo—Miss Hazel McKay, Shelbyville.

Address—Dean R. G. McCutchan. Solo—Rev. C. A. McCullough, College Corner.

Discussion by pastors, Sunday school superintendents and other delegates.

Saxophone solo, Sylvan Taylor, Shelbyville.

Orchestra.

## TO PROVIDE VOTE ON BOND ISSUES

If Beardsley Bill Becomes Law, Public Improvements Will be Submitted to a Referendum

### WOULD INVOLVE ALL ROADS

Makes it Impossible to Build Highways or School Houses Without First Voting Issue

If the Beardsley bill now before the Indiana general assembly, becomes a law, no more roads and no more school houses will be built, and in fact, no public improvements of any sort where a bond issue is required to pay the bill, will be possible until the question has been submitted to a referendum of the taxpayers affected.

When the measure came up before the senate Monday afternoon indications were that it would receive favorable action when a majority voted to recommit the bill to the committee in order that it might be amended and made more acceptable to all the members of the upper House.

Senator Oscar Ratts of Paoli, president pro tem of the Senate, who was presiding when the Beardsley bill was called down, advised against the policy of recommitting bills. He explained that under a ruling of Lieutenant Governor Branch that bills could not be amended materially on third reading and that when they were recommitted to committee for amendment their status reverted to first reading.

"Our cards are going to be gummed if we continue this practice," he said. When important amendments are deemed necessary they should be made either in committee or on second reading. The Senate should not act hastily in recommitting bills."

When the Beardsley bill went on its passage Senator Robert L. Moorehead of Indianapolis moved that the bill be recommitted to committee so that it could be amended to exclude Marion county from the referendum.

In speaking for the bill, Senator Beardsley declared that there was no intention of stopping needed construction work.

"We want more schools and more roads and other improvements, but we can't have them all at once," he said. "It, therefore, should be left up to the people to decide what they want."

"This is a duplication of the Cannon bill to amend the county unit road law," Senator James J. Nejdl of Whiting said. "It is an indirect attempt to repeal the road laws. Continued on Page Six

## RUSHVILLE HAS A

### CHAMPION WRESTLER DELEGATES TO LONDON

Lewis Bechtol, Known as "Kid" Bechtol, Will Meet Detroit Wrestler on Friday

### MOTHER LIVES IN THIS CITY

It was learned today that Rushville has a young man, who is reported to be quite a wrestler, and will meet a champion Friday at Payne, Ohio. The Rushville wrestler is known as "Kid" Bechtol, and is the son of Mrs. Laura Bechtol, 309 West Fourth street, and has been employed here recently.

Mrs. Bechtol, when interviewed today, stated that her son has the strength of a giant and is a natural wrestler. He is 26 years old, and left here two weeks ago for Fort Wayne, where he entered a contract to fill wrestling engagements.

A telegraph message this morning from Ernie Blozzer, his manager, stated that a meet had been arranged for Payne, Ohio, on Friday, when the Rushville wrestler will meet Shontz, the Detroit Wild Cat, who has never been licked, and the Rushville man expects to down him.

His mother stated that last summer he travelled with a circus as a wrestler. He is known in Rushville by his right name, Lewis Bechtol, and is a plumber by trade.

## EXEMPTIONS ON INCOME TAX MANY

Taxpayers Return Include Gross Income, But Many Deductions Are Allowable

### LIST OF THEM IS GIVEN

Salaries Paid Employees of a State or Any Political Subdivision Not Subject to Taxation

The revenue act of 1918 under which the income tax for the year 1920 is being collected provides that in the taxpayer's returns gross income from whatever source shall be included, "but". The word "but" is important, because following it is a list of items which are specifically exempt from taxation. Among these are:

The value of property acquired as a gift by will or by inheritance. The income from such property, however is taxable.

Proceeds of life insurance policies.

Returns of premiums on life insurance, endowment, or annuity contract.

Amounts received through accident or health insurance, or under workmen's compensation acts plus the amount of damages received, whether by suit or agreement.

Interest on obligations of any State or any city, town, county, or village, and the District of Columbia. Interest on obligations of the United States is exempt from taxation, except that interest on obligations issued after September 1, 1917, is exempt only to the extent provided in the Liberty loan acts.

Interest on securities issued under the provisions of the Federal farm loan act of July 17, 1916.

Interest on Liberty bonds to the par value of \$5,000 is exempt from all taxation. Holders of large amounts of Liberty bonds are advised to consult their bankers or collectors of internal revenue as to their exemptions.

None of the above items is taxable (with the exception of securities issued under the provisions of the Federal farm loan act and Liberty bonds), but must be shown in the taxpayer's return.

Persons in active military or naval service are entitled to an exemption of \$3,500 from amounts received for such services.

This exemption is in addition to the personal exemptions of \$1,000 for single persons and \$2,000 for married persons and heads of families.

Salaries paid employees of a

## ENGINE HEADLIGHT WAS OUT

Testimony in Coroner's Inquest Over Wertz Accident

County Coroner John M. Lee today filed his verdict and testimony obtained in the crossing accident at Main Street, when Henry Wertz was fatally injured by being struck by a C. I. & W. passenger train at 5:25 on the afternoon of January 14. Many witnesses were examined by the coroner, including eye witness to the accident.

A peculiar fact is noted in almost every witness' testimony and which was never mentioned before, in that all agree that the headlight on the engine was not lighted. This fact also is testified to by two employees, the crossing watchmen at Perkins and Main streets.

The action by Judge Will M. Sparks of this city, who presided as special judge in the blind tiger case against Louis E. and Julius E. Haag Monday afternoon in Indianapolis, in making a record of the dismissal of the appeal by the Haag brothers to the supreme court and ordering a certified copy of the judgment delivered by the clerk of the Marion county criminal court to the Marion county sheriff, will result in the Haags serving sentences of thirty days each in the state penal farm and paying a fine of \$400 for operating a blind tiger.

The fine and costs in the case amounted to \$505.50, according to the records of the criminal court. Judge Sparks declared that his connection with the Haag case ceased with the completion of the record. An entry was made showing that a certified return of the dismissal of the appeal to the Supreme court had been made. A special order was made directing Sheriff Snyder to enforce the commitment papers on the Haags.

The two Haags, who returned to Indianapolis last Monday after serving six months in the Federal penitentiary at Atlanta, Ga., were convicted on the first count of an indictment Oct. 23, 1919, for operating a blind tiger, and appealed the case to the supreme court. They dismissed their appeal after receiving sentence in federal court.

Marion County Prosecutor Evans declared that any effort to avoid serving the thirty days at the state farm on a technical interpretation by attorneys for the Haags would be opposed vigorously.

Notice to the brothers to appear before the United States marshal immediately was left at one of their stores Monday morning by Mark Storen, marshal, but the two men had not appeared at the time the office closed.

They were served with executions from Federal court Saturday by Fred Cretors, chief deputy under Marshal Storen, amounting to \$21,461.72 and interest.

Walter E. Smith has dismissed his action against Henry P. Mook, which was a suit to foreclose a chattel mortgage.

In the divorce case filed recently by Paul Spacey against Ida May Spacey, the defendant this afternoon filed a petition for support. The support case will be heard in the court on Saturday morning at 9 o'clock.

A suit filed last term by Van E. Lewark against Charles L. Stout, on a note and account in which \$190 judgment was demanded, was dismissed this morning in the court by the plaintiff.

### BRINDELL SENTENCED

New York, Feb. 8.—Robert Brindell "Czar" of the building trade council, today was sentenced to not less than five years, nor more than ten years at hard labor in Sing Sing prison by the judge of the supreme court here today. He was convicted of extortion in connection with the building activities in New York City.

### TO ASK COLBY FOR RECORD

Washington, Feb. 8.—The senate foreign relations committee will ask Secretary of State Colby to lay before the report of Ambassador Morris on his conversation with Ambassador Shidehara of Japan on the California immigration and land right controversy, it was decided today.

The commissioners this morning approved three more roads, and ordered bids advertised for them. The bids will be received on March 8, for these roads, which are the Thomas K. Mull road in Walker township, the Fannie B. Wilson road in Ripley, and the Joseph Green road in Anderson township.

## HAAGS MUST SERVE "FARM" SENTENCE

Judge Sparks as Special Judge Orders Certified Copy of Judgment Delivered to Sheriff

### RECORD OF DISMISSAL

Docket Shows That Sentences of 30 Days Each Must be Served Since Appeal is Withdrawn

The action by Judge Will M. Sparks of this city, who presided as special judge in the blind tiger case against Louis E. and Julius E. Haag Monday afternoon in Indianapolis, in making a record of the dismissal of the appeal by the Haag brothers to the supreme court and ordering a certified copy of the judgment delivered by the clerk of the Marion county criminal court to the Marion county sheriff, will result in the Haags serving sentences of thirty days each in the state penal farm and paying a fine of \$400 for operating a blind tiger.

The fine and costs in the case amounted to \$505.50, according to the records of the criminal court. Judge Sparks declared that his connection with the Haag case ceased with the completion of the record. An entry was made showing that a certified return of the dismissal of the appeal to the Supreme court had been made. A special order was made directing Sheriff Snyder to enforce the commitment papers on the Haags.

The two Haags, who returned to Indianapolis last Monday after serving six months in the Federal penitentiary at Atlanta, Ga., were convicted on the first count of an indictment Oct. 23, 1919, for operating a blind tiger, and appealed the case to the supreme court. They dismissed their appeal after receiving sentence in federal court.

Marion County Prosecutor Evans declared that any effort to avoid serving the thirty days at the state farm on a technical interpretation by attorneys for the Haags would be opposed vigorously.

Notice to the brothers to appear before the United States marshal immediately was left at one of their stores Monday morning by Mark Storen, marshal, but the two men had not appeared at the time the office closed.

They were served with executions from Federal court Saturday by Fred Cretors, chief deputy under Marshal Storen, amounting to \$21,461.72 and interest.

## STATEMENT OF DISSOLUTION

STATE OF INDIANA  
DEPARTMENT OF STATE  
TO ALL TO WHOM THESE PRESENTS  
SHALL COME, GREETINGS:

I, Ed Jackson, Secretary of State of the State of Indiana, hereby certify that the

KNECHT CLOTHING COMPANY

has this day caused to be filed in the office of the Secretary of State the properly signed and attested consents, statements and papers required by Section One of an Act of the General Assembly of the State of Indiana, entitled, "An Act prescribing the method and procedure for the voluntary dissolution of private corporations and voluntary associations, and declaring an emergency," approved March 14, 1913.

And I further certify that said written consents, statements and papers so filed as aforesaid show that said company and the officers thereof have complied with the provisions of said Section One of said Act, and that said corporation is now in process of dissolution.

In Witness Whereof, I have hereunto set my hand and affix the seal of the State of Indiana, at the City of Indianapolis, this 19th day of January A. D. 1921.

(Seal) ED JACKSON  
By P. H. Wolfard, Deputy  
Secretary of State.

**FATAL EXPLOSION TO BE INVESTIGATED**

Officials Believe Nitroglycerin Which Caused Death of Eight at Lawrenceville, Ill., Was Stolen

**SEVEN CHILDREN ARE VICTIMS**

Lawrenceville, Ill., Feb. 8.—Authorities today began an investigation of the explosion of a can of nitroglycerin here yesterday which killed a school teacher and seven pupils.

The can was found in a creek near the schoolhouse and exploded in the hands of one of the school children. The teacher and pupils were blown to bits. Parts of their clothing were found scattered about.

The dead are Emmett Bunyon, age twenty-six, teacher at the Cross Roads school, where the explosion occurred; Richard Peters, age seven, son of John Peters; Elmer Mellett, age ten, son of Del Mellett; Harry H. Legg, age seven, and Thomas Legg, age ten, sons of Harley Legg; Charles C. Welton, age five, son of C. G. Welton; Raymond Groves, age nine, son of Thomas Groves, and Robert McCausland, age six. All the boys were sons of farmers.

Lester Groves, age seven, brother of Raymond Groves, with eyes blown out and ears blown off, is in the hospital here. Several other children received minor injuries and many were made ill by the shock.

Pupils at the school say the can was first seen early in the day in the creek. It was "fished" out of the stream by the boys, who handled it carelessly some time before the explosion occurred. Mr. Bunyon is be-

## "Verboten"

Why of course you know what that word means, it is the symbol of Prussianism, and it best expresses the nature of the strangle-hold which will throttle our democracy and destroy our efficiency if such bills as the one introduced by Senator France at Washington and its co-ordinating state measure, House Bill 69, now pending in our own legislature, are passed.

The France bill is for the purpose of "establishing an executive department to be known as the Department of Public Health and For Other Purposes." The last words, "and for other purposes" are indicative of the unlimited powers given under the numerous sections of this pernicious measure to enslave us all. House Bill 69 in our legislature is designed to create state offices ready to be "federalized" in case the France bill should pass in congress. The France bill is most admirable from the point of view of the hungry office seekers, as it provides for the creation of nine new bureaus and the appointment of approximately 100,000 new officers. It is one of a group of similar bills which are to be introduced in the order named—Sheppard-Towner, Smith-Towner, and the Capper-Fess bills. Under the shrewd direction of experienced political manipulators, organizations of the newly fledged women voters are, in their reckless enthusiasm, lending themselves to the furtherance of the most drastic, paternalistic bills ever introduced.

On the third day of last month the able editorial writers of the Indianapolis News sounded a warning which should be heeded and acted upon at once by every American citizen. Of course the so-called aliens in our midst won't care about this bureaucratic plan, it will simply make them feel at home in the atmosphere which the passing of the France bill and others of its kind would create in this country. We quote from this editorial, which was headed "Senator France Bill" the following:

## Sap and Salt

By BERT MOSES.

A woman is most charming when she is discreetly ignorant.

—\*

Fashion seems to have a special spite against a woman's hair and hips.

—\*

An overdose of education "goes to the head" and makes a bug garage out of the brain.

—\*

It is an open question whether dyspepsia or alcohol has done the humane race the most harm.

—\*

Hez Heck says: "When it comes to driving, a woman succeeds better with a man than with a nail."

—\*

Custom, prejudice, ignorance and pride are forever hanging on the coattails of Progress and yelling "Whoa!"

—\*

## Diamond Dyes

## Don't Spot, Run

Don't Risk Material in Poor  
Dyes that Fade or Streak

Each package of "Diamond Dyes" contains directions so simple that any woman can diamond-dye a new, rich, fadeless color into worn, shabby garments, draperies, coverings, whether wool, silk, linen, cotton or mixed goods.

Buy "Diamond Dyes"—no other kind—then perfect results are guaranteed even if you have never dyed before. Druggist has color card.

## THE TREND of LEGISLATION

BY GEO. W. STOUT  
State Chamber of Commerce

steps to defeat these four bills. They are, of course, backed by a powerful lobby of enthusiasts, but it does not represent the people."

In addition to all of the federal expenditures, the states are expected to spend dollar for dollar on like programs and additional bureaucratic oppressions.

It is the intention, of course, to push the general program chiefly in the State Legislature at this time, then in March the attempt will be made to run the steam roller of medical control over the lives, homes, habits and thoughts of every man, woman and child in the United States.

The Sheppard-Towner bill at Washington is a good illustration of the impractical, autocratic, expense-defying measures of group legislation designed to satisfy the greed for power and position of certain factions. This bill is the first one to be forced upon the people, it is mentioned most frequently and cartooned lately as the so-called "Maternity Bill." This bill provides for the expenditure of \$4,000,000 from the federal treasury and a like sum from each state a yearly budget. Yet it expressly provides that not one cent of this money is to be used either directly or indirectly for maternity hospitals. It permits its investigators to incur unlimited travel and other expenses as they may deem necessary. The funds may be spent only for salaries and the travel expenses, and investigations. In short, the only permissible expense is for bungcombe or unlimited talk. Not one practical suggestion or help for the expectant mother is contained in this bill. Not one cent may be spent to save lives or suffering. It all must be used for talk. Surely the taxes are high enough now, and we must call a halt to this riot of expensive legislation or face bankruptcy both in the Federal and State Treasuries.

The France bill is for the purpose of "establishing an executive department to be known as the Department of Public Health and For Other Purposes." The last words, "and for other purposes" are indicative of the unlimited powers given under the numerous sections of this pernicious measure to enslave us all. House Bill 69 in our legislature is designed to create state offices ready to be "federalized" in case the France bill should pass in congress. The France bill is most admirable from the point of view of the hungry office seekers, as it provides for the creation of nine new bureaus and the appointment of approximately 100,000 new officers. It is one of a group of similar bills which are to be introduced in the order named—Sheppard-Towner, Smith-Towner, and the Capper-Fess bills. Under the shrewd direction of experienced political manipulators, organizations of the newly fledged women voters are, in their reckless enthusiasm, lending themselves to the furtherance of the most drastic, paternalistic bills ever introduced.

On the third day of last month the able editorial writers of the Indianapolis News sounded a warning which should be heeded and acted upon at once by every American citizen. Of course the so-called aliens in our midst won't care about this bureaucratic plan, it will simply make them feel at home in the atmosphere which the passing of the France bill and others of its kind would create in this country. We quote from this editorial, which was headed "Senator France Bill" the following:

"Here certainly is no return to 'normalcy,' no check to socialistic tendencies. On the contrary, it is proposed greatly to increase and extend the powers and functions of the federal government, to work an almost absolute unification of state and federal governments in certain important activities, to destroy local self-government in health and educational matters, and to add hundreds of thousands of employees to the federal pay roll, and hundreds of millions of dollars to the national expenditures. It is paternalism and centralization gone mad. We are asked to take the Prussian autocracy, with its doctrine of 'verboten,' as our model. It might be well for members of congress to study that grant of the Constitution from which congress derives its powers, from which alone it can derive them. Certainly the people should understand what all this means, and take immediate

steps to defeat these four bills. They are, of course, backed by a powerful lobby of enthusiasts, but it does not represent the people."

In addition to all of the federal expenditures, the states are expected to spend dollar for dollar on like programs and additional bureaucratic oppressions.

It is the intention, of course, to push the general program chiefly in the State Legislature at this time, then in March the attempt will be made to run the steam roller of medical control over the lives, homes, habits and thoughts of every man, woman and child in the United States.

## Petroleum Industry Proves Value of Self-Government

"It took the excessive war-induced centralization of economic and industrial functions in the hands of government to dramatize the essential fallacy of trying to substitute the politician for men functionally fit for the job in hand."—Glenn Frank, *Editor of the Century Magazine*, in *The Politics of Industry*.

The clarity of Mr. Frank's reasoning was demonstrated by the efficiency of the petroleum industry during the war-time period.

Petroleum was the one basic industry which was left in the hands of men trained "for the job in hand" and their efficiency enabled the Allies to float to victory on a sea of oil.

The lessons learned during that period of stress have enabled the Standard Oil Company (Indiana) to increase its usefulness as a manufacturer of petroleum products.

The Standard Oil Company (Indiana) has learned that a minimum of political interference with economic processes is essential to this or any other highly specialized industry that it may continue to improve the service it renders.

The Standard Oil Company (Indiana) believes that the government of any business enterprise should come from within the industry, and that this government should be beneficial alike to capital, labor, management, and the public.

The Standard Oil Company (Indiana) is organized upon a broad base to bring about this desirable condition.

The Board of Directors, who are responsible to the stockholders for the management of the Company's affairs, acknowledge the social obligation which the Company has assumed, and which they interpret to mean the efficient refining and distribution of essential petroleum products of superior quality; to make these products available everywhere, and at prices which put them within reach of all.

To accomplish this essential task, the Standard Oil Company (Indiana) has continually broadened the base of its operations, intrusting the administration of its complex and highly specialized business to men of acknowledged authority, ability, and vision.

## MILROY QUINTET IS GIVEN DOUBLE CROSS

Columbus High School Cancels Game For Feb. 16 and Takes on Another Team For That Date

### EVIDENTLY "COLD FEET"

Coach Harold McCullough of the Milroy high school basketball team received word from Coach Case of the Columbus high school, stating that the game with Milroy, scheduled for February 16, at Columbus would have to be cancelled owing to the fact that there was much sentiment expressed in that city to the team playing games during the mid-week, which happened to be on Wednesday.

This game was looked forward to by the Milroy team, and the cancellation proved a disappointment. A dispatch from Columbus today, however, states that the Columbus high school will play the Hanover team on the 16th, which looks as if the game was cancelled in order to take on another team.

The Columbus coach also has arranged a game with the Fairmount Academy for Saturday night following this game, and no other date was offered Milroy. Coach Case saw Milroy and Greensburg play a few night ago, and he probably was afraid to put his team against the Milroy aggregation. It appears odd why the Columbus team would cancel one week day game, and take a chance with another team.

### Last Time For Larry Semon

Larry Semon appears for the last time at the Princess theater in "School Days," and Hope Hampton will be seen for the last time in "The Bait." "A Master Stroke," a Vitagraph production, in which Earl Williams appears in an entirely new role, comes to the Princess Wednesday, together with a news and magazine reel.

The story of "A Master Stroke" deals with financial trouble and the abiding faith of women. This is not a new problem nor is the faith of women a new subject, but the treatment is entirely new.

In book form under the title of "The Three Keys," it had a wide sale and Vitagraph has brought Frederic Van Rensselaer Dey's story to the screen with all its vital color and quick action. We have all of us been faced at times with the bottom of our money bag gaping open, so to speak. We most of us know what the faith and encouragement of the one woman means at such times. That is the situation that faces the hero of "A Master Stroke." That is the wonderful test which the woman who loved him met. She believed in him against the world and his own guilty conscience. Earle Williams plays the hero with the rare sympathy and understanding that is so much a part of all his characterizations.

### Tom Mix at The Mystic

Tom Mix, the daredevil Fox star, has been announced as the attract-

tion at the Mystic Theater for tomorrow in what is declared to be the most fitting picture of the Mix type of prowess seen in many months. The picture, entitled "The Untamed," is an adaptation of Max Brand's novel of the same name. It was produced by William Fox and directed by Emmett J. Flynn. It boasts a very fine cast of players, all favorites of motion picture devotees.

Pauline Starke, a popular leading woman, plays opposite the star, George Seigmann, as well known as any heavy man in the industry—and remembered especially for his work in such plays as "The Birth of a Nation" and "Hearts of the World" enacts the role of Jim Silent, the outlaw leader. Others in the cast are P. M. McCullough, Charles K. French, James O. Barrows, Pat Chrisman, J. A. McGuire.

"The Untamed" is a story of the West in which Max Brand has introduced three strange comrades. The trio consists of a sort of superman, wild and primitive, a real child of the Outdoors, who recognizes no man-made laws; a big, fiery stallion known as Satan, and a gigantic dog, Black Bart. These three beings, unlike any others of their kind find their companionship only in each other. With this idea the author and director have created a most unusual picture.

The Missionary Society of the First Baptist church will meet tomorrow afternoon at 2:30 o'clock at the home of Mrs. Robert Stewart of West Fifth street.

\* \* \*

The Loyal Daughters's class of the Main Street Christian church will meet tonight at the home of Mrs. Curtis Hester, 316 West Tenth instead of at the home of Miss Grace Billings, as announced. The change in the place of meeting was necessary on account of the illness of Miss Billings.

\* \* \*

The meeting of the Ladies Aid Society of the Pleasant Ridge M. E. church which was announced to meet Wednesday afternoon has been postponed until Thursday afternoon, on account of the funeral of the little daughter of Mr. and Mrs. Noah Webb. Mrs. Maggie Mohr will be hostess for the society at that time.

\* \* \*

Miss Edith Brown, assisted by Miss Zora Carney, Miss Nelle Trobaugh and Miss Florine Gronier, delightfully entertained the members of the Young Ladies Mission Circle last evening at her home in North Main street. Following the bountiful pitch-in supper an interesting program was given on China. A good attendance was present for the meeting.

\* \* \*

Mrs. Rhode Offutt was hostess for the members of the Coterie yesterday afternoon at the home of her sister, Mrs. D. D. VanOsdol in West Third street. Thirteen members were present for the meeting. The informal afternoon was enjoyed with a Valentine social. A very interesting paper was read on "The Origin of St. Valentine's Day," and each guest drew a comic valentine. The refreshments which were served at the close of the meeting were in keeping with the day.

\* \* \*

The Missionary Society of the Center Christian church will meet Thursday afternoon, at the home of Mrs. Baty Newhouse and the following program will be rendered: devotional period, Mrs. Newhouse; Bible study, Mrs. I. N. Stevens; special music, Gladys Trowbridge; translation of Bible in China, Mrs. Ross Reeves; teaching the Bible in China, Mrs. Charles Trowbridge; hidden answers, Mrs. Robert Brooks. All members are urged to attend the meeting and visitors are cordially invited.

\* \* \*

The first meeting of the new term in Miss Donnan's Class in Literature was held on Saturday afternoon at the home of Mrs. Lon Link. All the meetings this term will be at Mrs. Link's home in her delightful large living room. Saturday Miss Donnan talked first about several articles in current magazines and then discussed "Main Street" by Sinclair Lewis. "Steeplejack", the interesting new autobiography by James Huneker, came next. After the intermission and a slight review of chapters in Mr. Cabell's "Beyond Life" which concern the Restoration dramatists, Miss Donnan reviewed the work of the so-called Blue Stocking of the Restoration, Mrs. Aphra Behn, and the most famous poem of John Dryden, the greatest figure in English Literature in the period discussed.

## Second Hend Coffin For Sale

"Now that I have been resurrected from the grave to which my stomach trouble was fast leading me and for which event I had made preparations, even to having bought my coffin, Mayr's Wonderful Remedy has made a new man of me and I feel as good as ever in my life, after having been at the point of death half a dozen times with acute indigestion and colic attacks". It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded.—Druggists everywhere.—Advertisement.

## PICTURES AMERICA AS A LOAN SHARK

London, Feb. 8.—Uncle Sam was pictured in Great Britain today as a loan shark.

Taylor Peddie, an authority on the finances, asserting that continental debts to America must be cancelled as an economic measure declared the United States has Europe in its clutches.

Europe is implicated just as completely as the poor victims of the loan sharks in tenement districts Peddie declared in an interview with the United Press.

"If the United States cancels the European debts, the situation will be easier considered," he stated. "If she does not Europe will sink rapidly to ruin because she will be living on her capital."

"Objection of cancellation in the United States arises from the lack of knowledge of the world's financial condition," he stated. "Only a thorough investigation will show the necessity for passing up the temporary demand for future securities."

"Britain is entirely unselfish in her opposition. It is not for her benefit, but for the good of the continental Europe. A little study of the exchange rates by the American government will show Britain's situation: At present the rates being paid are 10 percent on her borrowings; France, 23 percent; Italy, 4 percent; Berlin, 123 percent; Vienna 602 percent and Warsaw, 1,040 percent.

## WITNESS ADMITS HE COMMITTED PERJURY

New York, Feb. 8—John McDonald who was witness for the prosecution and identified Tom Mooney after a San Francisco preparedness parade explosion, has confessed that his testimony was false, Attorney Walsh announced today.

According to Walsh, McDonald made an affidavit that he was not able to identify Mooney and did so in testimony at the trial only at the instance of District Attorney Fickett of San Francisco.

McDonald's affidavit was telegraphed to San Francisco where a special grand jury is investigating the Mooney case. Mooney was convicted of murder—nine persons were killed when a bomb exploded during a preparedness parade in 1916—and was sentenced to death. President Wilson interceded and the sentence was commuted to life imprisonment. William Billings is also serving a life term for implication in the explosion. McDonald's identification of Billings also was false, McDonald told Walsh that he was promised a share in \$175,000 reward offered for the identification of the dynamiters in exchange for his testimony. After the trial he tried to collect but was unable to get any money.

The alleged case against Mooney was a frame-up and that a number of the witnesses were instructed as to what they should say on the stand, was stated by McDonald.

## CONFERENCE ON MUSIC IS BEGUN

Continued from Page One  
Wednesday, Feb. 9, 9:30 A. M.  
Organ voluntary, Mrs. Francis Knecht, Rushville.

Devotions.

Duet—Rev. and Mrs. M. S. Taylor, Shelbyville.

Address—Dean McCutchan.

Solo—Miss Ethel Irwin, Brookville.

Discussion.

Solo—Dr. E. A. Sevringshaus, New Albany.

Congregational Singing.

Wednesday, Feb. 9, 2 P. M.

Organ voluntary.

Solo—Mrs. Aura Smith, Delaware, O.

Address—Dean McCutchan.

Solo—Rev. Herbert Bassett, Shelbyville.

Address—Dr. E. A. Sevringshaus, New Albany.

Discussion.

Duet, Dr. Sevringshaus and Mrs. Smith.

After you eat—always use  
**EATONIC**  
FOR YOUR STOMACH'S SAKE

One or two tablets—eat like candy. Instantly relieves Heartburn, Bloated Gassy Feeling. Stops indigestion, food souring, repeating, headache and the many miseries caused by Acid-Stomach.

EATONIC is the best remedy, it takes the harmful acids and gases right out of the body and, of course, you get well. Tens of thousands wonderfully benefited. Guaranteed to satisfy or money refunded by your own druggist. Cost a trifle. Please try it!

## Peasant Influences In Spring Blouses

By MARJORIE

New York, Feb. 5.—Spring blouses show less variation from the past season's offerings than any other branch of the feminine garment world.

The main difference is in coloring and material, which is the only natural change from winter to summer wear. Colors are very gay. Practically all the manufacturers are turning out vast quantities of porcelain blue, tangerine, honeydew and rattan models.

Materials are swerving from the heavy satins, brocades and taffetas of midwinter to the georgettes, nets and laces of early spring. Georgette combined with silk or tricot is much in evidence. The leading color combination is gray georgette, with coral or rose silk. Gray is the winning color in hats, shoes, hose and wrap trimmings, and it is for this reason that blouses favor it in dress models.

One house is showing a model of tie-back gray georgette with back and front panel coral metallic silk. These patterns are covering with an all-over pattern of black floss stitching. The sleeves are three-quarter length and have the loose, flowing peasant cuff:

The peasant influence, by the way, is strongly developed in spring blouses. The Roumanian cut and coloring is especially emphasized. Peasant smocks made of linen, pongee, crasp or muslin in natural color and embroidered with blues and reds are a big seller for southern resort wear right now.

The cross stitch is used for embroidering cotton blouses and the pattern is generally applied about the peplum, collarless neck, and down the front, where a large square or round design is placed.

The peasant cut is effected by the loose sleeves, loose armholes, and plenum belted at the waist. The old time Russian overblouse is almost entirely supplanted by this belted effect. Either a belt or self material is used or kid belt in contrasting color. These narrow kid belts of white, tan, scarlet or brown are lavishly used on all blouses and are a big feature of dress georgette blouses as well as the peasant cotton smocks.

Basque blouses are not returning to any extent in the spring lines. But the high choker collar which was a part of the basque is retained in many lingerie and silk models. It is quite the vogue to have a very high collar and very short sleeves, a la the Grand Opera gowns of this season.

Lingerie blouses are not very conspicuous, mainly because of the impossibility of getting this handwork done. However, a few very select shops are displaying their priceless handmade linens, voiles and organzies. They are embossed with more cutwork, scalloping and gold embroidery than was considered good taste a few years ago, but the fortunate women who can afford them affect to find them very beautiful.

Narrow, colored ribbon sashes or girdles are run through handwrought eyelets and tie at the side. Loose cotton sports blouses in a variety of gay colors, such as jade, emerald, topaz, canary, porcelain blue, rose and scarlet, are shown to be worn with the sleeveless ribbon or wool jackets. Tams to match the jackets are upon the market.

Loose cotton sports blouses in a variety of gay colors, such as jade, emerald, topaz, canary, porcelain blue, rose and scarlet, are shown to be worn with the sleeveless ribbon or wool jackets. Tams to match the jackets are upon the market.

## TO INTRODUCE BILLS TO ERECT A BRIDGE

To Authorize Erection of an International Bridge Spanning The Detroit River

OPERATED BY TWO CITIES

Detroit, Mich., Feb. 8—Bills authorizing the erection of an international bridge spanning the Detroit river from this city to Windsor, Ont., will be introduced to Congress and in the Canadian parliament shortly. Senator Charles Townsend of Michigan is expected to offer the bill in Congress. Word from the Canadian side of the river is that the bill will be introduced in parliament immediately.

As planned, the bridge would cost \$28,000,000 and would consist of two decks, one for railway service and one for foot and vehicle traffic. The river at this point is one mile wide and the channel through which the large lake steamers pass is

about 30 feet deep. It has not been decided whether the bridge will be of the draw type or built high enough to allow the steamers to pass below.

The present bridge plan was suggested early last summer and the expense of construction will be met by large business interests on both sides of the river. The bridge will be operated by the two cities. The only means of crossing the river now is by ferries operated by a private company.

If authorized by Congress and Parliament, preliminary construction work will be commenced with the next year.

### FATAL FIGHT ON SHIP

Philadelphia, Pa., Feb. 8.—One Chinaman was shot to death and another is believed to have been drowned and two detainees were severely beaten on deck a Japanese steamship Saturday when 35 Chinese sailors attempted to flee ashore.

The bazaar which was to have been given February 15 by the Dr. Gilbert class of the Christian Sunday School has been postponed until March 1.

## Will Rheumatism Again Bind You Hand and Foot?

If you had Rheumatism last year and treated only the pains of the disease by rubbing with liniments and lotions, you can be sure that soon again you will be in the shackles of this relentless foe. You may get some slight temporary relief from the pains of the disease by the use of these local remedies, but Rheumatism is too real and relentless a disease to be rubbed away. So many cases of Rheumatism come from a tiny germ in the blood, that you should try a remedy that has proven so thoroughly satisfactory in these cases. S.S.S., the fine old blood remedy clears the blood of all impurities, and removes all disease germs that may creep into the blood. Begin taking S.S.S. today, and if you will write a complete history of your case, our medical director will give you expert advice without charge. Address Chief Medical Adviser, 157 Swift Laboratory, Atlanta, Ga.

## MANY BATTLES ARE NOW WAGED

Varied Line on Endeavor Besiege Representatives From People Wanting Bills Pushed

### LOBBYISTS BUSY ALSO

Every Bill Has a Delegation That Wants to Help Legislator Solve The Questions

Indianapolis, Ind., Feb. 8—Representatives of many and varied lines of endeavor are how waging the biennial battle here seeking to protect their interests in bills pending before the legislature.

Legislative committee's of labor organizations, chamber of commerce, manufacturers, utilities, doctors, nurses, chiropractors, and township officers farmers and as nearly every organization in Indiana likely to come under the effect of any proposed legislation are here in force.

The labor element is directing its efforts particularly against the wage garnishee bill, and the anti-picketting bill, in the house of representatives and the senate bill creating a state constabulary.

Manufacturers and utility heads are fighting the bill presented jointly by several members of the lower house which would abolish the Public Service Commission and re-establish the Railroad Commission in Indiana.

The county and township officials are watching the measure which would effect their salaries of their work; the doctors want more stringent health laws; the nurses are seeking to scrap the bill which would repeal the nurse registration law; the school teachers are looking after salary matters and the chiropractors want a bill passed putting them on a par with medical doctors so far as examination and registration is concerned.

Aside from these interests, many others are represented among lobbyists. The Indiana State Chamber of Commerce is advocating enactment of better educational laws, modification of the "blue sky" law to make it effective, and higher salaries for school teachers.

According to Representative John Winesberg, of North Manchester, a veteran legislator, the lobby this time is no longer "and no more insidious" than those of past sessions, but he said that the members this year are beset with many problems while the lobbyists volunteer their aid in helping to solve them.

## Chiropractic

Suppose the nerves to the stomach were cut. Result, complete loss of stomach function, no power to digest food, and starvation and death would follow.

Now suppose the same nerves pinched as they leave the spine by a vertebra partly out of line with the one above or below. Result, diminished nerve supply, inability of stomach to properly digest its food, and indigestion and stomach trouble are bound to follow to the extent of the pressure on the stomach nerves. Remove the pressure through Chiropractic adjustments and health is sure to follow.

Heart, liver, kidney, bowel troubles, headaches, nervousness, insomnia, pains and aches in joints and limbs are all caused by pressure on nerves as they leave the spine.

You know of friends and neighbors who took Chiropractic Adjustments and got well after other methods have failed. Don't say it can't be done. It is being done every day. Come to our office and let us prove it. Remember, nearly all sickness and about 90 per cent of operations can be avoided when Chiropractic Adjustments are taken.

The present bridge plan was suggested early last summer and the expense of construction will be met by large business interests on both sides of the river. The bridge will be operated by the two cities. The only means of crossing the river now is by ferries operated by a private company.

If authorized by Congress and Parliament, preliminary construction work will be commenced with the next year.

### FATAL FIGHT ON SHIP

Philadelphia, Pa., Feb. 8.—One Chinaman was shot to death and another is believed to have been drowned and two detectives were severely beaten on deck of Japanese steamship Saturday when 35 Chinese sailors attempted to flee ashore.

The bazaar which was to have been given February 15 by the Dr. Gilbert class of the Christian Sunday school has been postponed until March 15.

## Will Rheumatism Again

### Bind You Hand and Foot?

If you had Rheumatism last year and treated only the pains of the disease by rubbing with liniments and lotions, you can be sure that soon again you will be with the shackles of this relentless foe. You may get some slight temporary relief from the pains of the disease by the use of these local remedies, but Rheumatism is too real and relentless a disease to be driven away. So many cases of Rheumatism come from a tiny germ in the

blood, that you should try a remedy that has proven so thoroughly satisfactory in these cases. S.S.S., the fine cold blood remedy bleeds the blood of all impurities and removes all disease germs that may creep into the blood. Begin taking S.S.S. today, and if you will write a complete history of your case, our medical director will give you expert advice without charge. Address Chief Medical Adviser, 157 Swift Laboratory, Atlanta, Ga.

## MANY BATTLES ARE NOW WAGED

Variety Line on Endeavor Bazaar Representatives From People Wanting Bills Pushed

### LOBBYISTS BUSY ALSO

Every Bill Has a Delegation That Wants to Help Legislator Solve The Questions

Indianapolis, Ind., Feb. 8—Representatives of many and varied lines of endeavor are now waging the biennial battle here seeking to protect their interests in bills pending before the legislature.

Legislative committee's of labor organizations, chamber of commerce, manufacturers, utilities, doctors, nurses, chiropractors, and township officers, farmers and as nearly every organization in Indiana likely to come under the effect of any proposed legislation are here in force.

The labor element is directing its efforts particularly against the wage garnishee bill, and the anti-picketing bill, in the house of representatives and the senate bill creating a state constabulary.

Manufacturers and utility heads are fighting the bill presented jointly by several members of the lower house which would abolish the Public Service Commission and re-establish the Railroad Commission in Indiana.

The county and township officials are watching the measure which would affect their salaries or their work; the doctors want more stringent health laws; the nurses are seeking to scrap the bill which would repeal the nurse registration law; the school teachers are looking after salary matters and the chiropractors want a bill passed putting them on a par with medical doctors so far as examination and registration is concerned.

Aside from these interests, many others are represented among lobbyists. The Indiana State Chamber of Commerce is advocating enactment of better educational laws, modification of the "blue sky" law to make it effective, and higher salaries for school teachers.

According to Representative John Winesberg, of North Manchester, a veteran legislator, the lobby this time is no longer "and no more insidious" than those of past sessions, but he said that the members this year are beset with many problems while the lobbyists volunteer their aid in helping to solve them.

## Chiropractic

Suppose the nerves to the stomach were cut... Result, complete loss of stomach function, no power to digest food, and starvation and death would follow.

Now suppose the same nerves pinched as they leave the spine by a vertebra partly out of line with the one above or below. Result, diminished nerve supply, inability of stomach to properly digest its food, and indigestion and stomach trouble are bound to follow to the extent of the pressure on the stomach nerves. Remove the pressure through Chiropractic adjustments and health is sure to follow.

Head, liver, kidney, bowel troubles, headaches, nervousness, insomnia, pains and aches in joints and limbs are all caused by pressure on nerves as they leave the spine.

You know of friends and neighbors who took Chiropractic Adjustments and got well after other methods have failed. Don't say it can't be done. It is being done every day. Come to our office and let us prove it. Remember, nearly all sickness and about 90 per cent of operations can be avoided when Chiropractic Adjustments are taken.
